LB 410

of LB 410. I think they are entitled to that as a matter of fundamental due process under the rules that we have always implemented in this Legislature. I would ask that you support this motion to return it to committee for a public hearing. Thank you.

PRESIDENT: The question is on the Hoagland motion to return for a public hearing. All those in favor vote aye, opposed vote nay. Have you all voted? The Clerk will record.

CLERK: 10 ayes, 28 nays, Mr. President, to return the bill to committee.

PRESIDENT: Motion fails. There is another motion on that very page, has that been withdrawn?

CLERK: Yes, sir.

PRESIDENT: The Clerk will...

CLERK: I have another motion on the bill, though.

PRESIDENT: Motion on the bill.

CLERK: Mr. President, Senator Chambers would move to return the bill, the purpose being to strike the enacting clause.

PRESIDENT: Senator Chambers.

SENATOR CHAMBERS: Mr. Chairman, I won't take long on this but there is a principle involved in what is being done out there with those houses by UNO and the state and with the complicity of the Nebraska Legislature or a majority. So here is what I am going to ask of you. I had my light on to speak the other time, but as I say, they cease debate all the time so it is necessary to make a motion to get an opportunity to speak which some of us will do so that is why that motion is up there. When you decide that you are going to take those houses and the Mayor of Omaha, various groups that say they are interested in developing the area in which I live that has been decimated, what I would hope that you would do with those houses instead of demolishing them with bulldozers is to move them into the area of mine where so many houses have been destroyed and place them on some of those vacant lots and we will do two good things. You see taking that land as good. I see the provision of housing as good. There is not the construction of housing going on in my area right now, Senator Hannibal, and I think the moving of this livable housing should be done. That is why I made that motion. Now I am going to withdraw it, but if you insist on voting on
